3M-N95 Mask Fitters

Respiratory—Train-The-Trainer

Recertification)

COURSE OBJECTIVES

Respirator Fitting for employees is important in workplace to assure the expected level of protection is provided by minimizing the total amount of contaminant leakage into the face piece.

The benefits of this testing include better protection for the employee and verification that the employee is wearing a correctly-fitting model and size of respirator. Higher than expected exposures to a contaminant may occur if users have poor face seals with the respirator, which can result in excessive leakage.

A fit test is a test protocol conducted to verify that a respirator is both comfortable and correctly fits the user. Fit testing uses a test agent, either **qualitatively** detected by the wearer's sense of taste, smell or involuntary cough (irritant smoke) or quantitatively measured by an instrument, to verify the respirator's fit.

TARGET AUDIENCE

This program is specially designed for healthcare staff who is due for second year certification.

CERTIFICATION

For the first year, trainee will attend the trainer certification course and the certificate will be valid for 1 year. For the second year, the trainee will attend the re-certification course and the certificate will be valid for another 1 year. From third year onwards, 3M will auto renew the trainee's certificate in the portal on an annual basis.

Trainees who have changed organisation will need to email and inform 3M. 3M will renew their certification via email.

DESIRED LEARNING OUTCOMES

Upon undergoing this course participants will be able to understand:

- Details of regulations/laws/policies on respirators
- Features and types of 3M N95 respirators
- How to perform mask fitting
- Proper respirator use
- Fitting instructions
- User seal checks
- Fit testing procedure

COURSE DURATION & CLASS SIZE

- 3 hours of classroom training and practical
- Maximum of 20 participants

COURSE FEES (After GST)

For Healthcare VWOs and Private Nursing Homes with Portable Subsidy,

Course Fee Per Pax (S'porean & PR):	\$4.28
Course Fee Per Pax (Foreigner):	\$23.54

Any other organizations = \$41.73

COURSE OUTLINE

3M Train-the-Trainer Qualitative Respirator Fit Testing

Theory

- Product Overview
- Fitting Instructions
- Proper Use, Care & Maintenance
- Fit Testing
- Workplace Safety & Health Act

Practical

- Sensitivity Test
- Fit Test

COURSE DATES/TIME

Run 1: 29 Aug 2017; 9am - 12pm
Run 2: 19 Sep 2017; 9am - 12pm
Run 3: 2 Oct 2017; 9am - 12pm
Run 4: 30 Oct 2017; 9am - 12pm
Run 5: 16 Nov 2017; 9am - 12pm
Run 6: 8 Jan 2018; 9am - 12pm
